# ZEPETO WORLD

---

A woman with long dark hair is shown from the chest up, wearing a light-colored top. She is looking down at a smartphone she is holding in her hands. The screen of the phone displays a vibrant city skyline at night with illuminated buildings and a bridge. The background of the entire image is a blurred version of the same city skyline.

**REAL WORLD**

A close-up photograph of a person's face, wearing a virtual reality headset. The person is looking towards the right side of the frame. In the background, through the VR headset's display, a construction site with heavy machinery like excavators and cranes is visible under a clear sky.
